Paper piecing hexagon templates

Plastic hexagon templates for english paper piecing.

Gently. I'm working on that! There are several techniques to baste a hexie, and this is how I do it. Get email updates and never miss out on new patterns, printables and tutorials. In my design shop, FREE. this technique does not pierce the fabric and you can actually reuse your hexagon templates - which is always a bonus for me! You'll be able to get a lot more use out of your printed paper. Fold the fabric along the next edge, keeping the corners snug against the template. Beautiful, and always unique! See how to create hexagons for any English paper piecing project using my free hexie printable template - link is at the end of this tutorial. Pin then tack all around the edge. There are many ways to sew these hexies together. Starting with one inch hexies will be easier. Once you've started, you'll get faster and faster, and your hexies pile will grow quickly! Step 1 - Download, Print and Cut the free Hexagon Templates First, scroll down to the end of the post to download the template and cut fabric pieces for hexagons. Do not pierce the paper but instead, push the needle back up through the fabric, just a few millimeters away - This will catch the fold at the corner and stabilize it. NOTE: there is no special need for two threads - you can also use single thread. These basted hexagons add such a lovely touch to any project! They can simply be sewn on a larger piece of fabric and then used to make a zipper case, or a similar project. If you sign up at THIS link, you'll also get the Fabric Hanging Basket Template for FREE, right now. A cute and easy-sew! Plus get tons of other goodies. These free hexie templates are a must-have for your next EPP project! See what is English paper piecing, how to baste hexies and how to use my printable free hexagon templates for epp. Then take out the paper - my tiny scissors usually help me get the first edge out from under the fabric, then I just pull the paper gently out. No time to sew now? Then fold the fabric over the next corner, and stitch through all the layers of fabric (and not the paper) and pull back up. And of course, post your hexies and tag me with @applegreencottage and add #applegreencottage, so I can see your beautiful makes! Just an idea, as one of your first projects, you can also just use three hexies to join, and then sew them as an applique to a larger piece - in this case, you'll need to place your hexie-patchwork motif on a piece of plain fabric. I have yet to post a project here on the blog so there's no tutorial here yet, but have done quite a few already. That is, if you basted as shown in the tutorial above, and continue until you've got all the hexagons joined. It's perfect to press hexies! Make sure all the fabric edges are lying flat. Get mine from the shop here - it's absolutely FREE! Print and start cutting and sewing right now Get Free Hexie Templates HERE. This is another image to show you the 'path' of the thread. But basically, you start by placing two basted hexies with right sides together and all the edges aligned and push the tip of your needle through the fabric at the very corner of both hexies. The proper way is to whipstitch your hexies together to form a larger pattern. Free Jewelry Organizer Pattern HERE Super simple, but look what cute results! I also made diy gift bags with hexies. A good option is to print on thin cardstock, but is not absolutely necessary. I cut them more like 1/2" larger when working with 1" hexie templates. This way, I just placed two hexies together with the back sides hidden, and machine stitched them to form a drawstring pull. It should go out smoothly. I use paper - and paper hexie templates CAN be reused too. (option 1, not stitching through the paper): Your creation is ready to get sewn onto a larger piece of fabric! More on that next time, let me know if it was clear so far. I hope this helps: There Are Other Ways To Baste Hexies There's another way to baste, by piercing the needle through the paper templates - but in this case, the paper is only used once. (Link to free templates is at the bottom of this post) Once you've downloaded the file, save it to your computer, open in Adobe reader and print. Use my free hexagon templates for English paper piecing and baste your first hexies. This bag skyrocketed to the top of my best-sellers in less than a week after it was released, check out all the gorgeous versions from pattern testing here: Get the NEA pattern HERE. I've done that too, it goes a bit faster: Thread basted through fabric AND paper (as opposed to above, where I showed thread basted through fabric only) And if you use a fabric glue stick that holds immediately, you can even just glue baste these hexies to the template. Cut off the thread leaving a half-inch tail or so. Press the hexie flat. No code needed. And adorable effects when you fussy cut your fabric to match a special pattern. To be honest, I have used them a lot in a non-traditional way, that is without hand stitching these hexies but rather using them individually as embellishment. Step 2 - cut your fabric Cut fabric hexagons at least 1/4" larger all around than your card hexagons. when I use the hexies for pulls or as applique, I can just leave the basting thread as is, and just pull the paper out. Then you can remove the basting thread and the paper. Take your needle and push it through the fabric layers at the corner, but stop when you get to the paper. One more note, just to make it clear: when I say 1" hexagons, that means one of the 6 edges of the hexagon measures 1" - and that means the width across the hexagon is twice that measurement i.e. 2" Have fun designing your own epp projects using these free English paper piecing hexagon templates! WANT MORE FREE TUTORIALS AND PATTERNS? Once you've wrapped the fabric around the shape, you handstitch these pieces together. Repeat till you get around. After the last corner has been sewn, repeat the stitch and then guide the thread towards the center. The thread is holding that corner. I use school glue stick. Or ...check out the NEA Small Crossbody Bag pattern in my shop. Step 4 - Start basting! Thread your needle and make a knot, then: Start folding the fabric: fold the fabric over the edge of your hexie template, one edge at a time. The printable file contains two pages: 1" hexagon templates on page 1 and 3/4" hexagon templates on page 2. These projects are perfect if you just want to dip your toes into English paper piecing. Sewing the Hexagons together Now for real: the hexagons are joined together to form a quilt block.
